# International Meeting For Autism Research Preconference

Towson University – West Village Commons, 8 a.m. – 4 p.m.

Join us on May 11, 2016, for a special IMFAR Preconference with some of the most notable scientists and researchers in the autism field. This day-long event, hosted by Kennedy Krieger Institute, offers the local community – including families, educators, clinicians, members of state and local government, and adults with autism – the opportunity to learn from and exchange ideas with preeminent thought leaders in the autism field.

The Preconference will offer four tracks:

- Behavior Techniques
- Delivering Autism Services
- Medical Research and Practice
- Technology and Application

*Don't miss this opportunity to discuss autism topics most important to you.*

## Speakers:

- Lisa Crabtree, PhD, OTR/L, Towson University
- Tony Gentry, PhD, OTR/L, Virginia Commonwealth University
